Apprenticeships at Leyland Trucks & PACCAR Parts

About Leyland Trucks

Leyland Trucks is the UK's largest commercial vehicle manufacturing business, producing over 20,000 trucks per year from its state-of-the-art facility in Lancashire.

The plant produces all models of the multi award-winning range of DAF trucks – the XG+, XG, XF, XD and XB. The DAF XB is also designed by a team of expert engineers at Leyland Trucks. The impressive range of vehicles ensures DAF has reigned as the UK market leader for almost 30 years.

DAF and Leyland Trucks are at the forefront of technology – driving forward electrification, autonomous vehicles and cutting edge technology.

There are a huge variety of careers available at Leyland Trucks from assembly operations and design engineering to project management, logistics and purchasing. Leyland Trucks is owned by American company PACCAR, offering global opportunities in a world-class technology business.
