

# Automotive Engineering Apprenticeship

## About Leyland Trucks

Leyland Trucks is the UK's largest commercial vehicle manufacturing business, producing over 16,500 trucks per year from its state-of-the-art facility in Lancashire.

The assembly plant produces all models of the multi-award-winning range DAF trucks – the XG+, XG, XF, XD and LF. The DAF LF is also designed by a team of expert engineers at Leyland Trucks. The impressive range of vehicles ensures DAF has reigned as the UK market leader for the past 27 years.

DAF and Leyland Trucks are at the forefront of technology – driving forward electrification, autonomous vehicles and cutting edge technology.

There are a huge variety of careers available at Leyland Trucks from assembly operators and design engineers to careers within finance, logistics and purchasing. Leyland Trucks is owned by American company PACCAR, offering global opportunities in a world-class technology business.

## What We Are Looking For

To apply, you will need a minimum of 5 GCSEs at grade 4 or above (A\*-C), including Maths, English and a Science.

With a keen, demonstrable interest in engineering, you will be eager to learn and be able to adapt to a changing environment. With the ability to use your own initiative, you will take co-responsibility for your development within the business and help shape your future career.

## Automotive Engineering Apprenticeship

Undertaking a structured rotation through various assembly related departments, you will work towards a Level 4 HNC in Engineering as part of the Engineering Manufacturing Technician Apprenticeship Standard.

This four year scheme will provide you with practical hands-on experience gaining an insight into areas including frame assembly, piping and wiring, chassis and cab assembly, vehicle finish and prototype.

As the apprenticeship develops you will also expand your knowledge in areas such as electrical fault finding, diagnostics and repair.

## Benefits

A competitive starting salary of £16,380 rising during each year of the scheme; 33 days of holiday (which includes statutory holidays); a pension scheme and medical support schemes.
