

# Facilities & Maintenance Apprenticeship

## About Leyland Trucks

Leyland Trucks is the UK's largest commercial vehicle manufacturing business, producing over 16,500 trucks per year from its state-of-the-art facility in Lancashire.

The assembly plant produces all models of the multi-award-winning range DAF trucks – the XG+, XG, XF, XD and LF. The DAF LF is also designed by a team of expert engineers at Leyland Trucks. The impressive range of vehicles ensures DAF has reigned as the UK market leader for the past 27 years.

DAF and Leyland Trucks are at the forefront of technology – driving forward electrification, autonomous vehicles and cutting edge technology.

There are a huge variety of careers available at Leyland Trucks from assembly operators and design engineers to careers within finance, logistics and purchasing. Leyland Trucks is owned by American company PACCAR, offering global opportunities in a world-class technology business.

## What We Are Looking For

To apply, you will need a minimum of 5 GCSEs at grade 4 or above (A\*-C), including Maths, English and a Science.

With a keen, demonstrable interest in engineering and maintenance, you will be eager to learn and be able to adapt to a changing environment. With the ability to use your own initiative, you will take co-responsibility for your development within the business and help shape your future career.

## Facilities and Maintenance Apprenticeship

As part of this apprenticeship, you will learn how to maintain the equipment and facilities necessary to keep the market leading truck factory at peak condition. Working as part of a multifunctional maintenance team you will learn how to carry out both scheduled and none scheduled electrical/mechanical maintenance on the plant and equipment i.e cranes & lifting equipment, control systems, & pneumatic tooling

Completing a Level 3 Mechatronics Apprenticeship Standard and a Level 4 Engineering HNC, you will have the opportunity to follow an Electrical or Mechanical Maintenance pathway.

## Benefits

A competitive starting salary of £15,892 rising during each year of the scheme; 33 days of holiday (which includes statutory holidays); a pension scheme and medical support schemes.
