

Supply Chain Apprenticeship

About Leyland Trucks and PACCAR Parts UK Distribution Centre

Leyland Trucks is the UK's largest commercial vehicle manufacturing business, producing over 16,500 trucks per year from its state-of-the-art facility in Lancashire.

The assembly plant produces all models of the multi-award-winning range DAF trucks – the XG+, XG, XF, XD and LF. The DAF LF is also designed by a team of expert engineers at Leyland Trucks. The impressive range of vehicles ensures DAF has reigned as the UK market leader for the past 27 years.

DAF and Leyland Trucks are at the forefront of technology – driving forward electrification, autonomous vehicles and cutting edge technology.

There are a huge variety of careers available at Leyland Trucks from assembly operators and design engineers to careers within finance, logistics and purchasing. Leyland Trucks is owned by American company PACCAR, offering global opportunities in a world-class technology business.

The Leyland PACCAR Parts Distribution Centre (PDC) distributes truck parts to all DAF & TRP dealerships based in the UK and Ireland, as well as offering services to DAF dealerships within the European Union and globally. The PDC features state-of-the-art distribution processes, award-winning sales and marketing programs and industry-leading quality management.

Benefits

A competitive starting salary of £15,892 rising during each year of the scheme; 33 days of holiday (which includes statutory holidays); a pension scheme and medical support schemes.

What We Are Looking For

To apply, you will need a Level 3 qualification in a business related subject (96 UCAS points) and will also possess a minimum of 5 GCSEs at grade 4 or higher (grade A*- C), including Maths and English.

With a keen, demonstrable interest in logistics and supply chains, you will be eager to learn and be able to adapt to a changing environment. With the ability to use your own initiative, you will take co-responsibility for your development within the business and help shape your future career.

Supply Chain Apprenticeship

Working within either Leyland Trucks or PACCAR Parts you will gain experience working within various business functions such as customer service, finance, purchasing, materials and logistics.

You will combine your university degree with practical experience gained whilst working “on-the-job” throughout the various structured rotations. The knowledge and experience which you will gain will equip you with the necessary skills and abilities to
